NORFOLK, VA. FRIDAY, AUGUST 30, 1895

PRICE 2 CENTS

## KNIGHTS' TEMPLAR CONCLAVE

William Larue Thomas, of Kentucky, Chosen Grand Master.

He Made a Beautiful Speech in Accepting the Office. Pittsburg, Pa., Selected as the Next Place of Meeting, and October, 1895, was the Date Agreed On.

By Southern Associated Press.  
BOSTON, August 29.—The third session of the twenty-sixth triennial Conclave of Knights Templar opened at the Masonic Temple this morning. It was voted to suspend the reading of the records of yesterday's proceedings, and on suggestion of Very Eminent Sir Henry W. Rugg, it was decided to vote for grand master by roll call, first calling the grand encampment and then the States in alphabetical order.

The counting tellers appointed by Grand Master Sir Hugh McCurdy were Sir Knights Carter, of Connecticut; Spring, of Illinois; and Rosenbaum, of Arkansas. The receiving tellers were Sir Knights Hingman, of Indiana; Wheeler, of Nebraska, and Hamilton, of Georgia.

The first ballot was as follows: Whole number 301, necessary for choice 151. Eminent Sir William Larue Thomas, of Maryland, Ky., 267; Eminent Sir Samuel C. Lawrence, of Boston, 1; M. E. M. Sir Hugh McCurdy, 2; Eminent Sir R. H. Lloyd, of San Francisco, 1. Sir Hugh McCurdy in a complimentary address announced his successor and great demonstrations of enthusiasm.

Sir Knight Thomas replied in a speech expressing his deep sensibility of the honor conferred upon him. "I accept the honorable position," he said, "with the utmost faith in God, the Father, that he will invest me with zeal, judgment and ability to faithfully perform the duties devolving upon me through my election. To preside over the deliberations of this body, now grown to 100,000 old Sir Knights, who represent the culture and refinement and moral worth of every community in this great land, and to follow down the line of Grand Masters who for eighty years have controlled this body, to the present Grand Master, is a compliment to even the most cultivated and refined in the land. I cannot hope to bring to the office the energy and ability of my predecessors, but none could have been more zealous to carry to the summit the banner of our great order than the man you have elected to be your Grand Master."

"At the end of three years, when my service is completed, if I can have as my reward, 'Well done, thou good and faithful servant,' then, and not until then, will the height of my ambition be reached; then, and not until then, will my cup of joy overflow. I be speak your earnest efforts, Sir Knights, and I thank you for the unanimity of your election."

While the ballots for deputy grand master were being collected the committee on time and place for the next meeting reported in favor of Pittsburg as the place, and recommended the second Thursday in October, 1895 as the time. The recommendations were unanimously adopted.

The voting for deputy grand master resulted in the election of E. E. Sir Knight Reuben H. Lloyd, now grand generalissimo. Sir Knight Lloyd responded in a brief but earnest speech.

Other officers elected were: Grand generalissimo, E. M. Sir Henry B. Stoddard, of Texas.

Grand Captain General, Very Eminent Sir George M. Moulton, of Illinois.

Grand Senior Warden, Very Eminent Sir Henry W. Rugg, of Massachusetts and Rhode Island.

Grand Junior Warden, Very Eminent Sir William B. Melish, of Ohio.

During the progress of balloting several resolutions were adopted, all relating to Templar matters except the following:

WHEREAS, We are informed that John S. John is ill at his hotel and has been seriously ill for the past two days but is now improving; therefore, be it Resolved, That the sympathy of the members of this Grand Encampment be and are hereby extended to the distinguished brother in his affliction, and we invoke the blessing of a Divine Providence upon him and our prayers for his speedy and full recovery.

Similar resolutions were adopted for Most Eminent Sir Knight Vincent Hurlbutt, of Illinois, and Most Eminent Sir Knight R. E. Wilbers, of Virginia. Both are past grand masters.

Adjournment was announced after the vote for grand junior warden.

Molins' Investigation Continued.  
INDIANAPOLIS, Ind., August 29.—Boys digging under the Holmes house for an unfinished portion of the cellar, have found the two feet of Howard Pictel. They had been burned, but not destroyed, and were evidently too bulky to put into the chimney hole. With the feet was found buried a five-quart can. There was some coal oil in it. All of the witnesses were before the Coroner and the grand jury today. The grand jury will return an indictment against Holmes.

"Newest Discovery"—Ext. teeth; no pain. N. X. D. Rooms, 102 Main.

## B. & O. APPRECIATES NORFOLK.

A Meeting of Railroad Men Expected Here.

The article published in THE VIRGINIAN yesterday morning in regard to the Baltimore and Ohio railroad making a deep water terminus at Norfolk, attracted a great deal of attention and comment.

A reporter of THE VIRGINIAN talked with a number of prominent men who believed there was something at the bottom of the report.

The Baltimore and Ohio would certainly find shipping advantages here not enjoyed by Baltimore, and in the matter of grain from the West ships can save two days' sailing by taking on their cargoes at Newport News and Norfolk. In these days, when time is money, two days saved is an item of advantage readily appreciated by transportation companies.

It was reported last night that a meeting of Baltimore and Ohio officials would be held at the Atlantic Hotel. A reporter of THE VIRGINIAN inquired at the hotel, and was informed that the gentlemen in question had not arrived, but would likely reach Norfolk this morning.

The Baltimore and Ohio several years ago graded a road from Lexington to Salem, Va. At Salem they could reach Norfolk by the Norfolk and Western, or could go to Martinsville, Va., by the Roanoke Southern, and by building a short line from Martinsville to Danville could come to Norfolk over the Atlantic and Danville and find warehouses and docks for their trade.

A gentleman from Richmond, who is engaged in the tobacco business there, was in Norfolk yesterday, he was much impressed. He said the Southern road in his opinion would greatly increase the trade of the port. How about the Baltimore and Ohio, he was asked, and said that he knew of no road to the South and West that would not be benefited by having a terminus here. He thought the Baltimore and Ohio people fully realized that at no distant day Norfolk would be not only one of the greatest of the Atlantic ports, but a manufacturing centre of importance and a distributing point of great advantage.

## MR. BISSELL DECLINES.

Says He Will Not Accept a Position on the Supreme Court Bench.

By Southern Associated Press.  
BUFFALO, N. Y., August 29.—It was learned late this afternoon on reliable authority that ex-Postmaster General Wilson S. Bissell has been offered the place on the United States Supreme Court bench, made vacant by the death of Justice Jackson.

The information came from a close friend of Mr. Bissell in this city, and it is stated that the ex-Postmaster General himself revealed the secret before he left Buffalo early this week.

Mr. Bissell, so it was stated, received a communication direct from Mr. Cleveland making an unconditional offer of the appointment. The communication further asked Mr. Bissell to come to see him concerning the matter.

Mr. Bissell, it is also stated, declared he would not take the appointment. In giving his reasons for declining the honor, he is stated to have said: "I have tried Washington life under favorable circumstances and I prefer Buffalo. I do not care to return to Washington and the other of the Judgeship will not tempt me to do it. I will go to see Mr. Cleveland, but I will not accept the office. I do not want it. I would rather stay in Buffalo."

Inquiry at the office of Bissell, Steward, Bissell & Carey revealed that Mr. Bissell had gone to Marion, on Buzzard's Bay, six miles from Gay Gables, Mr. Cleveland's summer home.

## AN ATLANTA SHOOTING.

Two Brothers-in-Law Engage in a Dangerous Street Row.

By Southern Associated Press.  
ATLANTA, Ga., August 29.—A sensational shooting, in which W. A. Culver, a well known contractor, and Dr. J. W. Hood were the principals, occurred at 10:30 o'clock this morning on Broad street, within a few feet of the spot where Alex. Carr shot and killed Capt. King about one year ago. Culver fired three shots at Dr. Hood, two of which hit the mark, striking him under the shoulder and the other in the right leg.

The shots were fired while the men were grappling, and Dr. Hood's escape from instant death is considered almost miraculous. As it is, he is not seriously injured.

The men are brother-in-law. Culver cursed Mrs. Hood this morning. Hood knocked Culver down. Culver hunted him up latter and opened fire as soon as he could. Hood grappled with him and would probably have been killed had not W. N. Alexander, Culver's nephew, hurried the men apart and taken the pistol from Culver. Culver is in jail. He is a much larger man than Hood.

## DURRANT'S JURY COMPLETED.

By Southern Associated Press.

SAN FRANCISCO, August 29.—The Durrant jury has been completed, the twelfth juror being S. E. Dutton, wholesaler stationer.

## RICHMOND NEWS AND GOSSIP

What Is Going on in and Around the Capital City.

Mr. Mullen Talks on the Labor Situation. The Telephone System. The Street Car Franchise Problem and Many Other Notes of General Interest.

## Special Dispatch to the Virginian.

RICHMOND, VA., August 29.—Mr. W. H. Mullen, who was last night appointed chairman of the committee chosen at the conference of the Central Trades and Labor Union to name a legislative ticket, when seen to-day, said:

"Our committee will meet early next week to pick out ten names. From these ten the convention of organized labor, which meets the second Wednesday in September, will choose five. These five we will take into the primary as our choice. Of the five, two will be members of organized labor, and there will be business men who will work in our interests. We will enter the primaries to secure the election of our choice."

"The principal thing we are after in the Legislature," said Mr. Mullen, "is a new charter for Richmond. We want to have the heads of all city departments elected by the people, and it is on this ground that we will make our fight. There is no special labor legislation that we desire enacted at this time. Give us a new city charter."

There is no perceptible change in the prospect for the establishment of two new telephone systems in Richmond. Promoters of the Standard Company, and of the Home Telephone, state that each scheme is being gradually but slowly developed. Mr. John C. Robertson, under whose supervision subscriptions to the Standard have been solicited, is now in Baltimore on business pertaining to the enterprise in which he is interested. It is said he has nearly 1,000 subscribers.

It would appear from present indications that the law now yet to be called upon to wrestle with the street car franchise problem, now that the Council has done with it.

Capt. Andrew Pizzini, when asked this morning whether the City Railway would abide by the resolutions of the Street Committee last night that the right of the old company to use electricity on Broad street has expired, replied that he was not just now in a position to give any definite information as to the intentions of the company.

The city railway, however, did not believe that its privilege in that direction was no longer in existence. Therefore, the matter would be thoroughly sounded and if the company found that its rights had been infringed upon it would certainly make a fight to retain all the privileges given it with its franchise.

In the event that the matter is brought into court the question to be decided is whether a reasonable time has elapsed since the privilege of using electricity on Broad street was granted the city railway.

A number of gentlemen interested in one way or the other in the construction of the new Broad street line held a meeting this morning at the office of John Skelton Williams. The plans of the road and powerhouse were thoroughly discussed and much of the preliminary work fully outlined. Everything is moving along satisfactorily to the traction people.

## Old Dominion Commandery Entered.

By Southern Associated Press.

BEVERLY, Mass., August 29.—St. George Commandery, K. T., entered Old Dominion Commandery of Alexandria, Va., and Ascension Commandery of Joplin, Mo., and their ladies to-day. A short street parade was reviewed at the City Hall by the Mayor and City Council, after which a steamer was taken for a harbor sail, following which the party went to Salem Willows, where a banquet was spread. Business was generally suspended for a time and the population turned out to witness the parade. The decorations were on a grand scale.

## Charged With Forgery.

By Southern Associated Press.

CHARLESTON, W. Va., August 29.—H. Curran, general merchant, assigned a few days ago and left for Jackson county. Yesterday he was arrested and brought back on the charge of forging notes amounting to about \$1,000, which he turned over to Schwab, May & Co. and Jeluko & Bro., wholesale merchants here, in payment for goods. The notes bore the name of T. R. Huntley, who refused to pay them and pronounced them forgeries.

## Stock-Taking Prices.

Stock-taking prices mean cut prices on all goods to and in taking stock. Fine muslin underwear at half price; few left; 20 duck suits left, which will be sold regardless of cost; shirt waist, from 25c up; shirt waist worth 50c, now 35c; shirt waist worth \$1 and \$1.50, now 55c; black and blue serge, 16-inch wide, worth 50c, now 37c; remnants of lawn and white goods, 3c; towels from 3c up. Special prices on all goods. R. A. SAUNDERS.

## AMERICAN BAR ASSOCIATION.

Several Important Committees Render Their Report.

By Southern Associated Press.  
DETROIT, August 29.—This morning's session of the American Bar Association was principally taken up with reports of committees. The Committee on Expression and Classification had no report to offer. Prof. Bradley Thayer made a verbal report for the Committee on Indian Legislation, in which he said the Indians were even in a worse condition than ever. The state of affairs owing to the lack of legislation on some of the reservations was deplorable, and he cited the recent events in connection with the Bannock Indian troubles to show the need of legislation.

Prof. Bradley Thayer offered the following resolution, which was adopted: Resolved, That the Committee on Indian Legislation be instructed to ask the Secretary of the Interior that an early investigation be made into the legal condition of the Indians and other persons residing in the Indian reservation to the end that a government of law and the administration of justice by courts, may be extended to those parts of the country at the earliest practicable moment.

Judge Brewster reported for the special committee on uniform laws. Since the last report six States and one Territory have appointed commissioners on uniform State laws—Florida, Maine, Missouri, Colorado, Vermont, Kansas and Oklahoma. Some of the proposed laws recommended by the convention of commissioners have been adopted in Massachusetts, Connecticut, Wisconsin, New York, Illinois and Michigan. The committee urged that no State commission should be appointed without provision for all necessary expenses. On motion, the special committee was continued.

The Committee on Federal Code of Criminal Procedure reported progress in its work was necessarily slow and more time was needed and the committee was also continued until next year. The report of the Committee on Patent Law was next read and placed on file.

A resolution was adopted that the Committee on Patent Law be continued with power to lay the amendments recommended by it before Congress and work for their adoption. The report of the Committee on Law reported was a voluminous one.

The committee found the multiplicity of reported decisions a matter of serious consideration, and a question difficult of solution. Briefer opinions were suggested as one way to lessen the volume of printed matter. Statistics were given as to the number of printed pages, size of volumes, type, etc. The report was placed on file, and, on motion, the committee was made a standing one. It will be known as the Committee on Law Reporting and Digesting. The present members hold over. Austin Abbott was asked to act with the committee in preparing a skeleton digest of the statutes of all the States. The names of twenty-seven new members were presented, and they were elected.

## THE COCKADE CITY.

Many Matters to Interest Petersburgers in Norfolk.

Special Dispatch to the Virginian.

PETERSBURG, Va., August 29.—Mr. M. H. Guthrie, who is employed here by the Singer Sewing Machine Company, had rather an unpleasant experience last night. He was returning to Petersburg about 11 o'clock from the residence of Mr. Miles B. Branch, in Dinwiddie county, a short distance from this city, where he had been to see some lady friends, and when he reached the bridge over Old Town creek, on Oak's road, just beyond the Central State Hospital, he was accosted by two men who asked him what he had on his person.

Before Mr. Guthrie, who was unarmed, could make any reply one of the men covered him with a pistol and at the same time commanded him to throw up his hands. Mr. Guthrie reluctantly obeyed and while the man kept the pistol pointed at Mr. Guthrie's head the other fellow went through his pockets and secured \$45. There is no clew as to who the highwaymen were.

The addition to the Central State Hospital is expected to be completed within the next few weeks. The brick work has all been finished. The carpenter's work is expected to be finished within two weeks, and on next Monday plasterers will go to work. This addition will cost in the neighborhood of \$6,300, and will give much additional room for patients.

The taking of accounts in the Watts-Mahone suit was resumed this morning. The direct examination of Col. John G. Watts, the plaintiff, has not yet been completed.

Rev. W. A. Slaymaker, of Norfolk, will reside at the Second Presbyterian Church in this city on next Sunday. Mr. Slaymaker and his daughter, during their stay in the city, will be the guests of Mr. C. A. Eppes, Rev. S. K. Winn, pastor of this church, has gone to Nottoway Court-house to assist in a meeting.

Mr. Percy Alley, formerly of this city, now of Norfolk, is here on a visit.

## FROM THE NATIONAL CAPITAL

The Eligibility of Mr. Ransom no Longer in Doubt.

He Again Took the Oath of Office and Will Leave for Mexico Within a Week. A Virginia Commission Merchant Suicides. Other News Notes.

By Southern Associated Press.

WASHINGTON, August 29.—Hon. Matt W. Ransom arrived in Washington last night. Bright and early this morning he appeared at the State Department where he took the oath of office before a notary public to enable him to assume the duties of the Mexican mission. Ransom's suspended salary will be resumed from the date of oath.

Minister Matt Ransom will remain in Washington a day or two and then go to North Carolina, whence he will take his departure for Mexico a week or ten days later.

A rumor was current about the Department to-day that Mr. Ransom's physicians had advised him not to return to Mexico, but the minister himself said this was not true. The story probably had its origin in the fact that Dr. Ray, superintendent of the American hospital in Mexico, who attended the late Minister Gray in his last illness and who was also called in by Mr. Ransom, advised the State Department that Mr. Ransom could not stand the climate of that place. Dr. Bibb, surgeon general of the Mexican Central, who also attended the minister, differed from Dr. Ray, and he told Mr. Ransom that if he would return to the United States and recover his wanted health he could then go to Mexico with as much assurance of maintaining his health as anyone.

It was learned to-day that when the question of Mr. Ransom's right to hold the office of Minister to Mexico was raised in the Treasury Department, he at once forwarded his resignation to the President, in order that the latter might not be embarrassed. It is understood that both the President and Mr. Ransom believed the appointment was not completed until the latter accepted the position and qualified, which was not done until after his term as Senator had expired. The fact that Mr. Ransom resigned the office disposes of all speculation regarding the manner of payment of his salary from July 1 to August 28, the date of his reappointment. It will not be paid at all.

Acting Secretary Adeo, of the Department of the State, had a long talk to-day with Yang Yu, the Chinese Minister, about the present relations of the United States with China growing out of the Ku Cheng massacre. The Minister came to the Department by appointment at 11 o'clock accompanied by his two interpreters, Mr. Chung and Mr. Sze, all attired in the silken robes of their station. They were ushered into the diplomatic room where Acting Secretary Adeo and Assistant Secretary Rockhill joined them. Mr. Rockhill, who speaks Chinese, assisted in interpreting.

The conference lasted an hour and was devoted principally to an exchange of information cabled the State Department and the Minister from Peking. It was shown conclusively by these messages that the inquiry at Ku Cheng was proceeding without interruption, and that the Sung Li Yamen, or Chinese Board of Foreign Affairs, was giving every assistance to facilitate the efforts of the American and British Commissioners to get at the facts. There was nothing in any of the cablegrams received to show how many arrests have been made at Ku Cheng or the number of convictions, if any.

Senor Salvador De Mendonca, Brazilian Minister to the United States, telegraphed the United Press from Keene Valley, N. Y., where he is spending the summer, that he has received advices from his Government confirming the news previously given in these dispatches of the pacification of the State of Rio Grande do Sul, where a revolt has been in progress since the ending of the Nello and De Gama Brazilian insurrection.

WASHINGTON, August 29.—Secretary Lamont to day detached the following officers from duty and ordered them to their proper companies September 1st: Lieut. Walter H. Gordon, 13th infantry, Louisiana State University, Baton Rouge, La.; First Lieut. William G. Eliot, 12th infantry, University of Alabama.

Acting Internal Revenue Commissioner Wilson to day issued instructions to Collectors of Internal Revenue, extending the time from September 1st to October 1st in which claims for sugar bounty may be filed. The original date set was found to be too limited in which to accomplish the work.

The Treasury Department is informed that the Belmont Morgan syndicate to-day deposited \$1,500,000 in gold in New York in exchange for greenbacks. This raises the Treasury gold reserve to \$101,700,000.

John H. Yakey, of Virginia, com-

mission merchant, doing business under the firm name of Snouffer & Yakey, in this city, drowned himself in the Potomac, opposite the arsenal, shortly after 9 o'clock this morning. He left a letter for his wife, stating that this was the only way he saw to escape his financial troubles and get out of debt.

## SOUTHERN BUSINESS.

A Review of Contemplated and Projected Industries.

By Southern Associated Press.

BALTIMORE, August 29.—The Manufacturers' Record in its weekly review of Southern business says that one of the noticeable signs of the times is the rapid expansion of steamship service between Southern ports and Europe. During the last few days a number of important announcements have been made for new steamship lines. One from Norfolk to Hamburg, one from Pensacola to Liverpool, one from New Orleans to Colon and the organization of a company to run regular steamship lines from Galveston to several European ports.

Among other notable events for the week were the sale of 25,000 tons of Alabama iron to Carnegie for stock-making purposes. One steel plant is now under construction in Alabama, part of the material has been ordered for another and the capital is now being raised for building a third, this indicating that Alabama is soon to take an active position in steel making.

New cotton enterprises for the week include a \$250,000 company to build a mill at Anderson, S. C.; a lion mill at Louisville, Ky.; a cotton mill at Tocon, Ga.; one at Bessemer City, N. C.; two cotton compresses in Arkansas; a cotton oil mill in Louisiana; a \$60,000 compress company and a \$10,000 cotton gin company in Texas.

Other enterprises for the week include a \$100,000 fertilizer company in Florida; two coal mining companies and a \$14,000 water works in Kentucky; \$33,000 water works in Tennessee; a \$10,000 hay press company in Texas; a \$50,000 tobacco company and \$50,000 iron works in Virginia; coal mines and oil companies in West Virginia. In addition to these there were a number of improvements reported to enterprises, while several furnaces in the South are getting ready to blow in.

## Mayor Beckham Resigns.

By Southern Associated Press.

ALEXANDRIA, Va., August 29.—Mayor John Beckham, who has been in ill health for months, to day sent the following letter to the president of the Common Council:

"ALEXANDRIA, Va., August 29, 1895. 'Hubert Snowden, President Common Council, Alexandria, Va.:

"DEAR SIR:—I desire to tender my resignation as Mayor of the City of Alexandria, to take effect at once. I would thank you to communicate with the City Council at your earliest convenience. My health is such that I find it impossible for me to attend to the duties of the office. Thanking the people for their confidence shown in me, I am, very respectfully yours, 'JOHN G. BECKHAM.'"

## The Defender's Fine Work.

By Southern Associated Press.

NEW YORK, August 29.—The Vigilant was beaten over every leg of the twenty-four mile course and finished 13 minutes and 3 seconds behind the Defender. Nearly half of this difference, however, was due to the fact that the wind died out to nothing just after Defender had crossed the finishing line and while the Vigilant was on her way in.

## FLEETWOOD PARK RACES

Robert J. Succeeded in Regaining His Last Laurels.

In the Presence of 12,000 Persons he Scored a Brilliant Victory. He Made the Best Mile Ever Made by a Pacer on the Fleetwood Track.

By Southern Associated Press.

NEW YORK, August 29.—Twelve thousand persons saw Robert J. regain at Fleetwood Park to-day, the laurels that he lost in Cleveland one month ago, when Joe Patchen caught him out of form and beat him in one of the most sensational harness races on record.

The opening heat was a good deal of a duke, like the opening heat yesterday in the free for all trot. Robert J. took the lead for the first furlong, followed by Patchen.

At the half in 1:02 1/2 Robert J. had a length of two open lengths, and was going at ease. Curry called Joe Patchen as they turned for the Point of Rocks in the third quarter, and the stallion commenced to cut down Robert J.'s lead.

Joe Patchen made a break, followed instantly by Robert J., near the three quarter pole. Mascotte, who was third, opened a gap of five lengths before Robert J. settled and started after him.

Andrews tried hard to keep Mascotte in front of the wire, but Robert J. came on with a brilliant rush in the home stretch and nailed the ex-champion fifty yards from the wire and beat him easily 2-0 1/2. Joe Patchen's standstill broke left him so far in the rear that Gentry beat him out for third place. Time—2:04 1/2. The fastest mile ever paced on the Fleetwood track.

## Trials Trip of the Texas.

By Southern Associated Press.

WASHINGTON, August 29.—The trial trip of the battleship Texas, the first vessel of the new navy built by the Government, will take place from Hampton Roads about September 5th. The trial will be for the purpose of testing the machinery, which was furnished by private contract.
